

5th July 2020

Dear All,

Further to the Secretary of State's statement on Thursday, we have had time to digest the Government's advice, which is now moving more to a 'normalised' state. Our interpretation is that as far as possible the operation of Little Fingers will move towards a more 'normal' position in September. In short this will mean an increase in numbers and an allowance of children being able to attend the setting as they did pre March. We will continue to closely monitor what elements of prevention we need in place and will be in touch, closer to the start of term.

We wanted to reassure you that we are working hard to get the setting back to normality.

If you have any questions, please do not hesitate to contact me, Miss Leanne or Olivia.

As to your requirements for September in terms of days, please expect a letter confirming your children's sessions in due course.

Kind regards

Andrew Neal

Committee Chair - Little Fingers Pre-school
